

Dear

We write this to solicit your esteemed school's participation in PIET Quest Scholarship Programme 2018. Panipat Institute of Engineering and Technology (PIET) has devised PIET Quest to initiate young aspiring students with a competitive mindset right at the transitional phase of their career. It is a pioneering scholarship program by a leading institute to stimulate, recognize and reward the latent talents of students in undergraduate colleges, polytechnics and schools in Delhi/NCR and Haryana. The competition comprises three rounds (the Preliminary round in the participating institution, the second and final round in PIET campus).

PIET Quest has had an eventful Chronicle since its first launch in 2008. Last year alone, more than 390 institutions and a number of 64,000 students participated in the event. Notably, PIET Scholarships worth Rs. 50 Lacs are distributed in the form of 100% Tuition Fee waiver to the winners. Other prizes and incentives included Honda Activa scooters, Laptops & Tabs to name only a few.
