Value Added Course

on

**TECHNOLOGIES AND PROSPECTS IN HOME
TEXTILE**

for Textile Students

April 16 – May 9, 2021(Weekend)

Organised by

Department of Textile Engineering

You are invited to value added course in online mode on the theme of “Technologies and Prospects in Home Textile” hosted by Department of Textile Engineering, Panipat Institute of Engineering & Technology, Panipat from April 16th to May 9th 2021 (Weekends). This course is expected to be informative and beneficial to textile students.

ABOUT THE INSTITUTE

Panipat Institute of Engineering & Technology (PIET) was established by the Vidyapeeth Education Trust in response to the acute deficiency of higher education institutes in the State of Haryana. A multidisciplinary Institute affiliated to Kurukshetra University, Kurukshetra and approved by AICTE, New Delhi provides Undergraduate and Postgraduate programmes in Engineering and Management.

ABOUT THE DEPARTMENT

We are proud to mention that PIET is the only Institute under the aegis of Kurukshetra University, offering the **B.Tech. Program in Textile Engineering** and **B.Tech Honors in Textile Engineering with Minor Specialization in Fashion Marketing and Merchandising and Technical Textile** with a closer proximity to the National Capital Region Delhi. **11 batches** of students have been passed out from this program and they hold key positions in the various sectors at National and International level. We are offering this program with a nice blend of coursework, projects, industrial visits and in-plant training that, endows students with the ability to apply knowledge of science and technology to work effectively in the discipline. Located in Panipat, the hub of home textile products, the department has enormous opportunity to build strong industry-institute relationship with the industries in Panipat as well as other industries in northern part of India.

ABOUT THE COURSE

This course in technologies and opportunities in home textile is a short term program catering to the needs of the home furnishing operations with indepth knowledge and technical expertise. The emerging needs of home textile market trend is due to growing demand of comfort and functional performance by customers on fibre combinations, fabric designs, textures, and vibrant colours.

WHO CAN PARTICIPATE: Students in the field of Textile, Designing and Diploma Institutes.

THE COURSE WILL COVER THE FOLLOWING AREAS

- Basic product requirements in home furnishing industry.
- Characteristics and requirements of the carpets, towels, blankets, rugs and linen industry.
- Special chemical processing treatments for home textile products.
- Performance and Quality requirements for evaluation of home textile products.

ASSESSMENT PROCEDURE

At the end of course the students will be assessed as per the content of the course by objective type of assessment. Certificate will be awarded to the students based on the attendance and result of assessment.

REGISTRATION FEE (IN RUPEES)

Rs. 500/ out of which Rs. 250/- will be refunded to the participants on successful completion of course. Payment of registration fee can be done any of following of the method

1) UPI ID – **9650221790@paytm**

2) Paytm Number – **9650221790**
