DEPARTMENT OF PHARMACY

Event Report

Name of the event: “WORLD PHARMACISTS DAY 2025”

Date: 25th September 2025

Pharmacist Day is celebrated all over the World on the 25th of September every year. Celebrating World Pharmacists Day is a valuable tool to promote the profession and honor the crucial role being played by Pharmacy professionals in improving global health outcomes. The theme of this year is “*Think Health, Think Pharmacist*”

The Department of Pharmacy at Panipat Institute of Engineering and Technology, Panipat has celebrated Pharmacists Day on 25th September 2025 (Thursday) at the campus to advocate and appreciate the role of pharmacists in improving health conditions around the world. The purpose of World Pharmacists Day, which was brought to life at the FIP Council 2009 in Istanbul, is to encourage activities that promote and advocate for the role of the pharmacist in improving health in every corner of the world. Pharmacists are the reason why people get the best from their medicines; they are using their experience, knowledge, and expertise to make the (medical) world a better place for everybody. Moreover, they give access to medicines and advise people on how to properly take them.

To celebrate the day, various activities such as General Health check-up camp, Eye check-up camp and Tree Plantation campaign and Awareness about medicinal plants were conducted.

Students showed great enthusiasm to be a part of the health checkup team and successfully accomplished their goals. The general health checkup camp covered various parameters like BP monitoring, blood glucose level monitoring, body temperature, height, weight, BMI measurements, and counseling on common problems. Eye health checkup camp covered various parameters like preliminary eye screening followed by specific eye test such as Auto refractometer(AR), Noncontact Tonometer(NCT), Schirmer’s Test, Tear Film Assessment Test. The aim of organizing the health camp was to sensitize the students and make them more confident towards such activities so that they remain proactive when their family or friends ask them about health issues. It was an

overwhelming feeling to witness students doing the preliminary checkups of more than 200 staff members of PIET including bus drivers, conductors, sweepers, administrative staff, technicians, and teaching faculty.

Students of Diploma and Bachelor of Pharmacy participated in “Tree Plantation campaign” on the theme of World Pharmacists Day. 40 students participated in spreading awareness about medicinal plants among residents of nearby village like Jorasi village and Garhi Chhajju village as a part of Tree Plantation campaign poster competitions and around 50 participated in preliminary checkups as a part of Health check-up camp.

Health check-up camp was coordinated by Dr. Sonia Narwal and Dr. Kavita Sangwan. “Tree Plantation campaign” at Herbal Garden situated in department of Pharmacy and awareness about medicinal plants among residents of nearby village outside the campus was coordinated by Dr Shiva Tushir and Ms. Archana Kaushik

World Pharmacists Day was successfully completed under the guidance of Dr. Gaurav Agarwal, principal (Pharmacy) and convener of event on 25th September 2025 .
